Amman, Jordan

Summary

Fourth-year mechanical engineering student with a focus on robotics, mechanical design, and simulation. Proficient in SolidWorks and ANSYS through hands-on academic projects, with exposure to HVAC and electromechanical systems via coursework and industry training. Currently leading a soft robotics capstone project and aspiring to pursue graduate studies in aerospace engineering.

Work Experience

Jul 2024 - Present	Sales Associate, THE Group: Readers Bookshop (Part-Time)	Amman
	- Assist customers inside the store, on the phone, and over the store's WhatsApp with questions, recommendations, and purchases. - Recommend books and other store items based on the customer's interest. - Maintain store up-keep and cleanliness, by dusting the shelves regularly, organizing the books alphabetically and based on genre. and restocking. - Remain updated on book trends and book releases to continuously recommend books catered to the customer's interest. - Execute sales transactions daily, while upholding a 99.9% accuracy rate in cash management and change allocation.	
Jul 2025 - Aug 2025	Engineering Intern, Zain Jordan (Internship)	Amman
	- Shadowed electromechanical engineers across Zain's data centers, gaining hands-on exposure to UPS systems, rectifiers, batteries, chillers, Evapco units, pumps, generators, and fire protection systems. - Calculated power capacity of UPS and rectifier systems, battery capacity, and battery backup time for critical power applications. - Studied and applied maintenance bypass operations and redundancy principles in backup power systems. - Conducted research and delivered presentations on various electrical systems and energy calculations. - Completed a two-week employee training program at The Bunker, Zain's underground data center and disaster recovery site. - Performed heating load calculations for two data center rooms using HAP software based on real electrical loads.	

Education

Oct 2022 - May 2027	Bachelor of Engineering, Al-Hussein Technical University
	Mechanical Engineering major. Ranked 2nd among the 2022 mechanical engineering cohort.
	3.97 GPA
Sept 2025 - Feb 2026	Exchange Semester, University of Leoben
	Received an MULgrain scholarship and completed a semester abroad at Montanuniversität Leoben in Austria, studying mechanical engineering.
Aug 2018 - May 2022	High School Diploma, King's Academy
	Advanced Placement (AP) Program. Placed on the highest honor roll.
	3.89 GPA

Awards

May 2024	Academic Excellence, Al-Hussein Technical University For achieving academic excellence and ranking 1st in the Mechanical Engineering Bachelor's program for the Class of 2022, with a GPA of 3.94 at the conclusion of the first semester of the 2023-2024 academic year.
Jul 2023	Egg Boiler 'Creativity' Award, Al-Hussein Technical University For creating a creative and innovative prototype of an egg boiler within a team of 4 people.
Jul 2022	AP Scholar with Distinction Award, College Board For achieving an average score of at least 3.5 on all AP exams taken, and scores of 3 or higher on five or more exams.
